## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see pages 5-8 of the response, filed 9/21/06, with respect to the 35 U.S.C. 112 first paragraph rejections have been fully considered and are persuasive. The rejections of claims 1-10 have been withdrawn.
2. Claims 1-10 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or fairly teach the claimed mechano-electrical fuse for a hand grenade comprising a spring element for the storage of mechanical energy, a drive device comprising a flywheel mass connected to the spring element for driving an electrical generator by means of mechanical energy stored in the spring element, wherein the generator is connected together with a detonator characterized in that the spring element is formed by a tension spring associated with a handle lever of the hand grenade and the drive device has a cable line which is fixed with its one end to a shaft of the generator and is wound with a number of turns around the generator shaft and which is mounted with its second end remote therefrom to the lever, wherein the drive device is a flywheel mass fixed to the generator shaft which is releasably fixed in the fuse housing by means of a shearing element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
